SUBJECT: New URLs for Business Forms

Recently many of the websites for Finance & Administration and University Business and Accounting Services have been updated to improve their functionality and make it easier for users to find the resources they need. With the updates, these sites have been moved to new platforms and some of the URLs for business forms and resources may have changed.

If you had previously bookmarked certain resources from these sites and receive an error message when using your bookmark, please revisit the site to locate the resource you need. The following web pages offer many of the links you might need to conduct business on campus and several examples of the URL changes are provided.
